Important Information

Why is this happening? The Webex Suite Meeting Platform is the intended outcome of our journey to the converged meeting experience across Webex applications and devices. One application with one architecture providing an enhanced and optimized experience for hybrid work.

Key Benefits:

• Fast meeting join with native Webex app meeting experience
• Start, schedule, join full featured meetings from within Webex spaces
• All Webex workloads meetings, calling, messaging, and whiteboarding powered from a single platform

View all user interface changes HERE

Check if your meetings are running on the Webex Suite Meeting Platform:
In a meeting, click Meeting Info > Security. If it says Meeting platform: Webex for Government (Webex Suite), your Webex meetings use the Webex Suite meeting platform. If you don't see this, your Webex meetings isn't running on the new platform yet!

Key User Interface Changes

Chat just became more fun and engaging.

Chat is getting an upgrade and mirrors the Webex App messaging experience. Meeting participants can engage by responding in threads, adding files, using markdowns, or reactions
